Safety and Creativity from the Beginning

Wood - for more than 100 years our pleasant and creative raw material for toys of high educational value

Our Profession

At Lam, in the heart of the Bavarian Forest, we have been manufacturing wooden quality toys for customers all over the world for more than 100 years. By the combination of feeling, piling, plugging, pushing und screwing, our educational toys promote creativity and prehensile skills from the earliest childhood.

Market-Oriented Product Development

We are closely watching the market, and develop and design all our products ourselves. Thus, our customers can always be sure to get up to date toys with a high quality and safety standard.

Of course, we also develop and manufacture wooden toys according to the specifications of customers - rapidly and professionally. Contact us, and we will convince you of our efficiency.

Safety from the Beginning!

We provide responsible-minded parents and educators with "basic toys" that have already been complying for years with all severe European and international standards for safe toys concerning material, processing, and finishing with paints.

Already for a long time, we have been exclusively using quality hardwood, like beech or maple, from sustainable forestries. For the finishing, we only use solvent-free water-soluble paints and varnishes that are non-hazardous to health and comply with the requirements of the European standard EN 71.

Due to the fact that we largely produce our toys ourselves using modern wood processing machines and that all phases of the production process - from the purchase of raw materials to assembly and dispatch - are subject to a strict quality management system, we are for our customers a reliable partner with the high quality standard of

Building with bricks

Like no other toys, HEROS wooden bricks promote the play instinct already from the earliest childhood. What is more beautiful for parents than watching their children building something and witnessing their progress in dexterity and creativity. Simple geometric forms like cuboids, rectangles, triangles, columns and arches – all in different colours – don't set any limits to the children's imagination.

When the children get older, the HEROS wooden bricks can be combined as "basic toys" with other products from the extensive HEROS wooden toy range.

Due to deformation-resistant hardwoods, a quality-oriented production and a high-grade finishing with water-soluble paints that are non-hazardous to health and comply with the requirements of the European standard EN 71, our safe wooden bricks of high educational value are the ideal first toy - made in Germany.

This toy complies in every respect with the European safety standard EN 71.

The conformity with EN 71 has been tested by an independent and recognized test institute.

Certification by the world's largest independent organization for the securing of a sustainable forestry (which guarantees the compliance with ecological, social and economic standards).

Wooden Bricks

Wooden Bricks 25 1+

Starter set with 25
coloured wooden bricks
Basic measurement: 30 mm

Item no.:	25300
Pieces / Content:	25
Packing size:	24 x 22 x 6 cm
Weight in g:	725
Packing type:	polyethylene bag
Unit-pack:	EP 12

Wooden Bricks 50 1+

Starter set with 50
coloured wooden bricks
Basic measurement: 25 mm

Item no.:	21252
Pieces / Content:	50
Packing size:	17 x 8 x 18 cm
Weight in g:	700
Packing type:	case
Unit-pack:	EP 8

Wooden Bricks 50 1+

50 coloured wooden bricks
in a storage drum
Basic measurement: 25 mm

Item no.:	50151
Pieces / Content:	50
Packing size:	Ø 18 x 20 cm
Weight in g:	800
Packing type:	drum
Unit-pack:	EP 6

HAPPY COLOURS Wooden Bricks 75 1+

75 coloured wooden bricks
in HAPPY COLOURS design
in a storage drum
Basic measurement: 25 mm

Item no.:	88001
Pieces / Content:	75
Packing size:	Ø 18 x 22 cm
Weight in g:	1200
Packing type:	drum
Unit-pack:	EP 6

Wooden Bricks 100 1+

100 coloured wooden bricks
in a storage drum
Basic measurement: 25 mm
Rated "very good" by the
German ecological magazine
"Öko Test"

Item no.:	10151
Pieces / Content:	100
Packing size:	Ø 23 x 22,5 cm
Weight in g:	1700
Packing type:	drum
Unit-pack:	EP 4

Wooden Bricks 100 1+

100 coloured wooden bricks
in a storage drum
Basic measurement: 25 mm
Rated "very good" by the
German ecological magazine
"Öko Test"

Item no.:	51251
Pieces / Content:	100
Packing size:	Ø 18 x 22 cm
Weight in g:	1500
Packing type:	drum
Unit-pack:	EP 6

Wooden Bricks

Wooden Bricks Baby Box 25 1+

Starter set with 25 coloured extra large bricks

Basic measurement: 40 mm

Item no.:	25402
Pieces / Content:	25
Packing size:	25.5 x 11 x 20.5 cm
Weight in g:	1350
Packing type:	case
Unit-pack:	EP 6

Wooden Bricks Baby Box 50 1+

50 coloured extra large bricks in a storage drum

Basic measurement: 40 mm

Item no.:	50401
Pieces / Content:	50
Packing size:	Ø 23 x 26 cm
Weight in g:	2400
Packing type:	drum
Unit-pack:	EP 4

Natural Wooden Bricks 50 1+

50 natural wooden bricks in a storage drum

Basic measurement: 25 mm

Item no.:	50131
Pieces / Content:	50
Packing size:	Ø 18 x 20 cm
Weight in g:	825
Packing type:	drum
Unit-pack:	EP 6

Natural Wooden Bricks 100 1+

100 natural wooden bricks in a storage drum

Basic measurement: 25 mm

Item no.:	10131
Pieces / Content:	100
Packing size:	Ø 23 x 22.5 cm
Weight in g:	1675
Packing type:	drum
Unit-pack:	EP 4

Wooden Bricks "The Little Architect 50" 2+

50 different building elements with connecting system

Basic measurement: 25 + 30 mm

Item no.:	50262
Pieces / Content:	50
Packing size:	25.5 x 11 x 20.5 cm
Weight in g:	1300
Packing type:	case
Unit-pack:	EP 6

Wooden Bricks "The Little Architect 100" 2+

100 different building elements with connecting system in a storage drum

Basic measurement: 25 + 30 mm

Item no.:	10261
Pieces / Content:	100
Packing size:	Ø 23 x 26 cm
Weight in g:	2600
Packing type:	drum
Unit-pack:	EP 4

Wooden Bricks

Wooden Bricks "Fantasy 130" 3+

130 different building elements
Figurines, cars, and coloured bricks
Basic measurement: 25 mm

Item no.:	11301
Pieces / Content:	130
Packing size:	Ø 18 x 24.5 cm
Weight in g:	1825
Packing type:	drum
Unit-pack:	EP 6

Wooden Bricks "Combined Play Box 32" 2+

32 different building elements
Train, buildings, car, trees, and coloured bricks
Basic measurement: 30 + 40 mm

Item no.:	27181
Pieces / Content:	32
Packing size:	Ø 18 x 22 cm
Weight in g:	800
Packing type:	drum
Unit-pack:	EP 6

Wooden Bricks "Combined Play Box 75" 2+

75 different building elements
Train, buildings, cars, trees, and coloured bricks
Basic measurement: 30 + 40 mm

Item no.:	27201
Pieces / Content:	75
Packing size:	Ø 23 x 26 cm
Weight in g:	2200
Packing type:	drum
Unit-pack:	EP 4

Building Bricks Truck 2+

Wooden vehicle with 19 coloured bricks
Basic measurement: 25 + 30 mm

Item no.:	23052	88052
Pieces / Content:	20	20
Packing size:	25 x 14 x 12 cm	25 x 14 x 12 cm
Weight in g:	900	900

Building Bricks Cart 2+

Pull cart with 28 coloured wooden bricks
Basic measurement: 25 mm

Item no.:	21302
Pieces / Content:	29
Packing size:	26.5 x 7.5 x 19.5 cm
Weight in g:	1000
Packing type:	cardboard box
Unit-pack:	EP 6

Building Bricks Cart 2+

Pull cart with 29 coloured wooden bricks
Basic measurement: 30 mm

Item no.:	21402
Pieces / Content:	30
Packing size:	32 x 9.5 x 23 cm
Weight in g:	1375
Packing type:	cardboard box
Unit-pack:	EP 6

We give wooden bricks a new play dimension

What is appropriate for very young children - pile the bricks up and make them collapse - can no longer satisfy the children's desire to learn when they get older.

For this reason, we have so to speak "reinvented" the wooden brick with the QUICK CONNECT system. Due to the HEROS soft dowel, our young "architects" can now build, modify or retain as a whole complex three-dimensional buildings, vehicles or figures.

The innovative dowel with soft knobs safely connects the wooden bricks, and can easily be removed from them.

Thus, we offer children from 3 years of age a creative quality toy, which will inspire their imagination for playing and experimenting for years.

NEW

Fire-Fighting Vehicle 3+

Kit with 70 parts with quick connect system with movable ladder

Basic measurement: 25 mm

Item no.:	22502
Pieces / Content:	70
Packing size:	21.5 x 9 x 19 cm
Weight in g:	650
Packing type:	case
Unit-pack:	EP 6

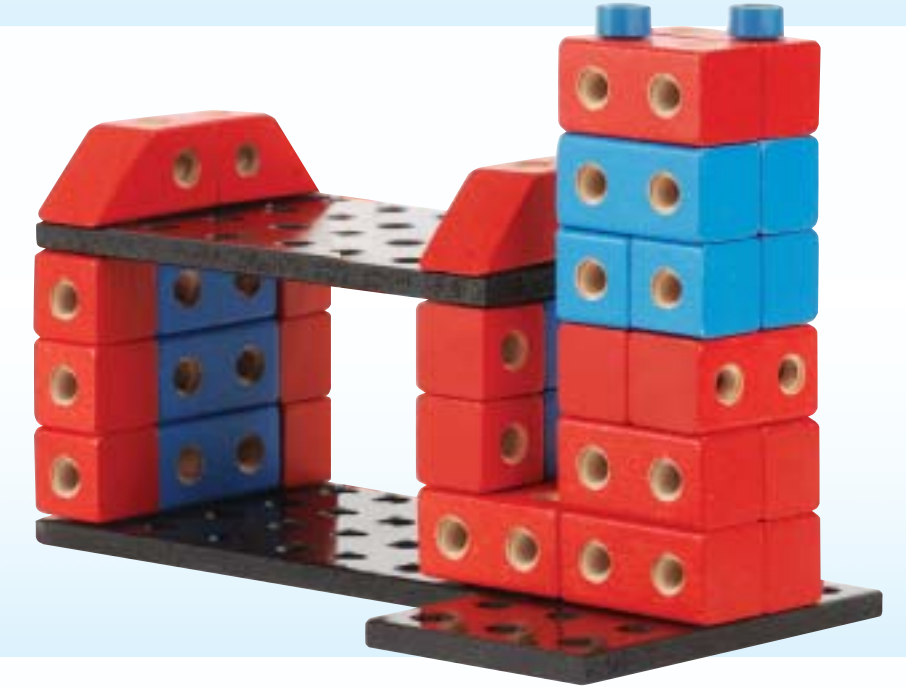

Firehouse 3+

Kit with 90 parts with quick connect system

Basic measurement: 25 mm

Item no.:	22512
Pieces / Content:	90
Packing size:	25 x 9.5 x 19.5 cm
Weight in g:	900
Packing type:	case
Unit-pack:	EP 6

Truck 3+

Kit with 95 parts with quick connect system

Basic measurement: 25 mm

Item no.:	22522
Pieces / Content:	95
Packing size:	25 x 9.5 x 19.5 cm
Weight in g:	825
Packing type:	case
Unit-pack:	EP 6

Creative Constructions

Strips, plates, bricks, wheels, screws, nuts, shims, and, of course, wrench and screwdriver - these (and more) are the basic elements of our HEROS CONSTRUCTOR kits.

The majority of the components are made of durable and deformation-resistant hardwood from sustainable forestries, and finished with water-soluble paints that are non-hazardous to health and comply with the requirements of the European standard EN 71. Only for the connecting elements like screws, nuts and shims, we use a break-proof and flexible plastic so that these elements will not break even in case of an unattended and intensive screwing.

All pieces of the HEROS CONSTRUCTOR kits are interchangeable among each other so that there are no limits to the instinct to build and play. Detailed and child-appropriate illustrated assembly instructions are enclosed with each basic kit.

Constructor Beach Buggy 3+

Kit of construction elements for functional beach vehicle model with two figurines with tools

Item no.:	37102
Pieces / Content:	70
Packing size:	25 x 9.5 x 19.5 cm
Weight in g:	575
Packing type:	case
Unit-pack:	EP 6

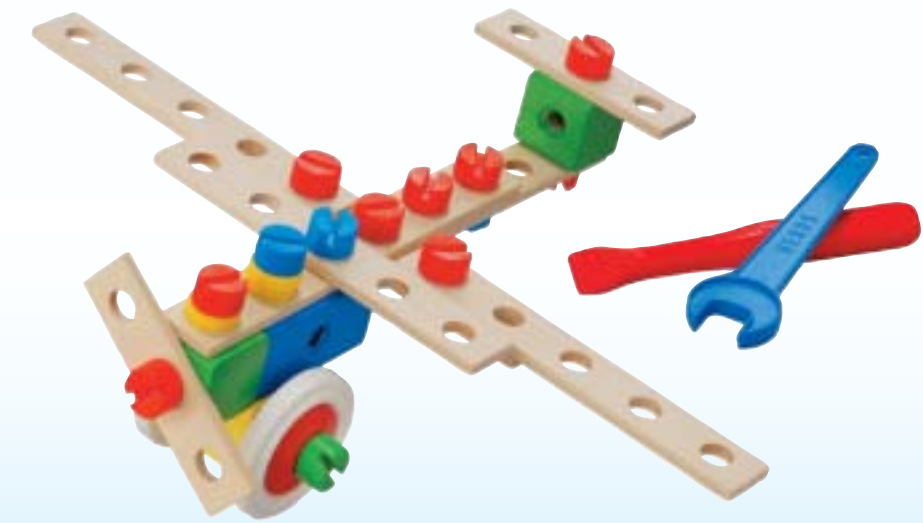

NEW

Constructor Starter 38 3+

Function model: airplane with tools

Item no.:	30012
Pieces / Content:	38
Packing size:	18 x 9 x 14 cm
Weight in g:	375
Packing type:	cardboard box
Unit-pack:	EP 6

Constructor Police Buggy 3+

Kit of construction elements for functional police car model with two policemen with tools

Item no.:	37112
Pieces / Content:	70
Packing size:	25 x 9.5 x 19.5 cm
Weight in g:	575
Packing type:	case
Unit-pack:	EP 6

NEW

Constructor Starter 40 3+

Function models: ostrich, rabbit, dog and little man with tools

Item no.:	30042
Pieces / Content:	40
Packing size:	18 x 9 x 14 cm
Weight in g:	325
Packing type:	cardboard box
Unit-pack:	EP 6

Constructor Fire-Fighting Buggy 3+

Kit of construction elements for functional fire-fighting vehicle model with ladder and two firefighters with tools

Item no.:	37122
Pieces / Content:	84
Packing size:	25 x 9.5 x 19.5 cm
Weight in g:	650
Packing type:	case
Unit-pack:	EP 6

NEW

Constructor Starter 49 4+

Function model: crane with tools

Item no.:	30032
Pieces / Content:	49
Packing size:	18 x 9 x 14 cm
Weight in g:	475
Packing type:	cardboard box
Unit-pack:	EP 6

Constructor Vario 115 3+

Set of construction elements with tools

Function models: motorbike and airplane

Item no.:	31012
Pieces / Content:	115
Packing size:	25 x 9.5 x 19.5 cm
Weight in g:	750
Packing type:	case
Unit-pack:	EP 6

Constructor Vario 120 3+

Construction elements in a drum, with tools

Function models: locomotive and truck-mounted crane

Item no.:	31201
Pieces / Content:	120
Packing size:	Ø 18 x 22 cm
Weight in g:	875
Packing type:	drum
Unit-pack:	EP 6

Constructor Vario 150 3+

Set of construction elements for advanced players, with tools

Function models: helicopter and locomotive

Item no.:	31512
Pieces / Content:	150
Packing size:	32.5 x 9.5 x 24 cm
Weight in g:	1075
Packing type:	case
Unit-pack:	EP 4

Constructor Master 166 3+

Construction elements in a drum, with tools

Function models: truck-mounted crane and airplane

Item no.:	32661
Pieces / Content:	166
Packing size:	Ø 23 x 26 cm
Weight in g:	1300
Packing type:	drum
Unit-pack:	EP 4

Constructor Master 200 3+

Construction elements in a drum, with tools

Function models: propeller plane and truck

Item no.:	32001
Pieces / Content:	200
Packing size:	Ø 23 x 26 cm
Weight in g:	1350
Packing type:	drum
Unit-pack:	EP 4

Constructor Master 225 4+

Set of construction elements for advanced players, with tools

Function models: big helicopter with rotor function, and ship

Item no.:	32292
Pieces / Content:	225
Packing size:	25 x 12 x 22 cm
Weight in g:	1425
Packing type:	case
Unit-pack:	EP 6

Construction System

CONSTRUCTOR

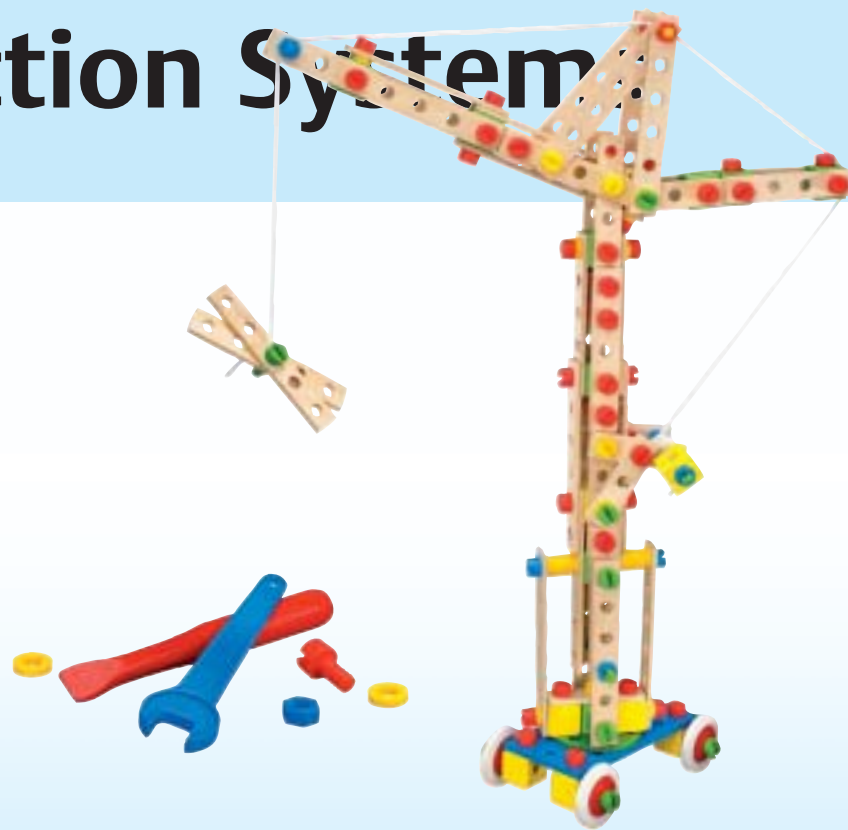

Constructor Master 270 4+

Set of construction elements for advanced players, with tools

Function models: building crane with crane function, wind wheel, and truck

Item no.:	32282
Pieces / Content:	270
Packing size:	32.5 x 9.5 x 24 cm
Weight in g:	1750
Packing type:	case
Unit-pack:	EP 4

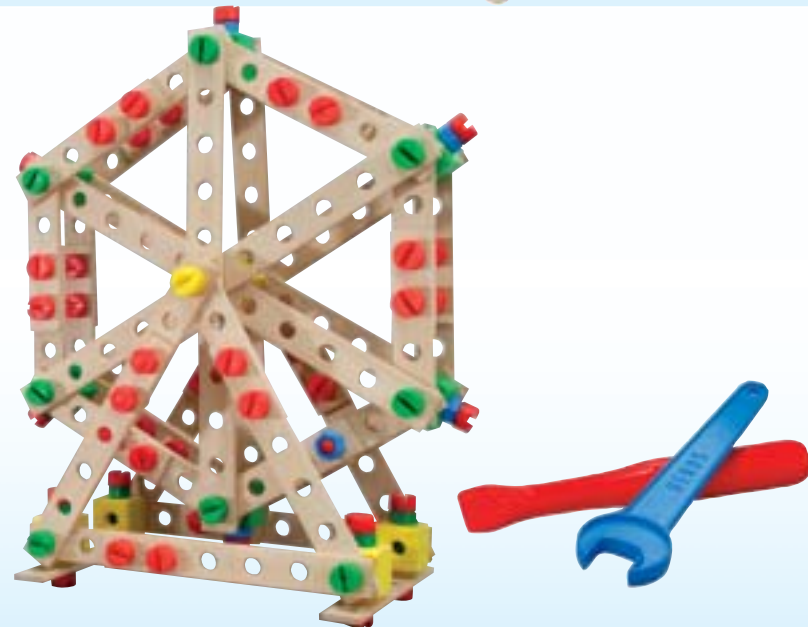

Constructor Mega 300 4+

Set of construction elements for advanced players, with tools

Function model: ferris wheel

Item no.:	33002
Pieces / Content:	300
Packing size:	37.5 x 11.5 x 27.5 cm
Weight in g:	1925
Packing type:	case
Unit-pack:	EP 3

Constructor E-Mot 4+

Drive unit for function models with remote control, drive shafts, angle bars, and perforated plate

(3 x AAA batteries not included)

Item no.:	39002
Pieces / Content:	15
Packing size:	18 x 9 x 14 cm
Weight in g:	325
Packing type:	cardboard box
Unit-pack:	EP 6

Constructor E-Mot 175 4+

Set of construction elements for advanced players with drive unit and tools (3 x AAA batteries not included), Function models: helicopter and truck-mounted crane

Item no.:	39102
Pieces / Content:	175
Packing size:	32.5 x 9.5 x 24 cm
Weight in g:	1350
Packing type:	case
Unit-pack:	EP 4

Constructor Marble Run 50 4+

Flexible marble run system with functional elements, and tools

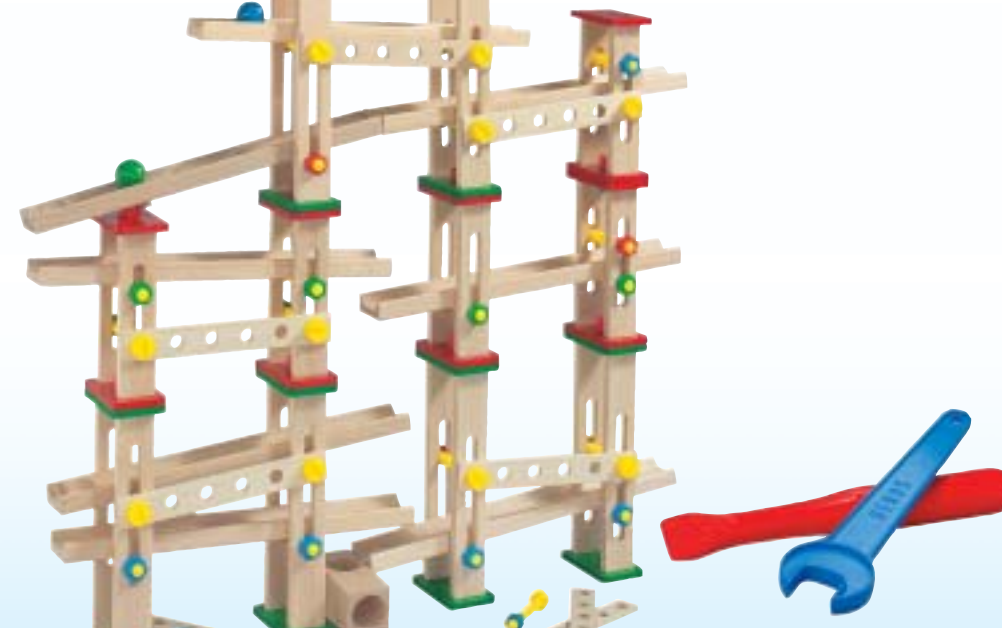

Item no.:	38502
Pieces / Content:	50
Packing size:	37.5 x 11.5 x 28 cm
Weight in g:	1500
Packing type:	case
Unit-pack:	EP 3

Constructor Marble Run 90 4+

Sophisticated marble run system with functional elements and adjustable inclinations for variable marble run ways, with tools

Item no.:	38602
Pieces / Content:	90
Packing size:	43 x 13.5 x 32 cm
Weight in g:	2400
Packing type:	case
Unit-pack:	EP 3

Bulldozer 5+

Function model with smooth-running track chains, movable shovel arms, and tiltable shovel

Item no.:	36102
Pieces / Content:	110
Packing size:	35 x 15 x 30 cm
Weight in g:	1925
Packing type:	case
Unit-pack:	EP 3

Tracked Excavator 5+

Multifunction model with smooth-running track chains, turnable top part, and movable excavator arm

Item no.:	36302
Pieces / Content:	160
Packing size:	35 x 15 x 30 cm
Weight in g:	2300
Packing type:	case
Unit-pack:	EP 3

CONSTRUCTOR PROFESSIONAL

No task is too difficult for the little engineer

After months of intuitive playing and the learning of simple motor skills, every child will sooner or later develop the desire to create realistic objects they know from everyday life.

For this playing period, we have developed our wooden HEROS CONSTRUCTOR PROFESSIONAL construction kits. This high-quality construction machine series, consisting of tracked excavator, cable excavator, dump truck and bulldozer, offers an optimal play value both in and outdoors.

The finishing of all wooden parts with solvent-free water-soluble paints and varnishes that are non-hazardous to health complies with the requirements of the European standard EN 71. All screws, nuts and shims are made of break-proof plastic, so that these elements will not break even in case of an intensive and unattended screwing.

All pieces of the HEROS CONSTRUCTOR PROFESIONAL kits are interchangeable among each other so that there are no limits to the instinct to build and play. Detailed and child-appropriate illustrated assembly instructions are enclosed with each basic kit.

Dump Truck 5+

Function model with rubber tyres and tilting function for the trough dump body

Item no.:	36202
Pieces / Content:	130
Packing size:	35 x 15 x 30 cm
Weight in g:	2025
Packing type:	case
Unit-pack:	EP 3

NEW

Cable Excavator 5+

Multifunction model with smooth-running track chains, turnable top part, and cable winch

Item no.:	36402
Pieces / Content:	195
Packing size:	35 x 15 x 30 cm
Weight in g:	2400
Packing type:	case
Unit-pack:	EP 3

Green light for all trains

The HEROS wooden track system is a sophisticated and tried and tested system with straights, curves and switches, which allows the realization of everything that makes children's hearts beat faster - from a small circle to a large installation with bridges, level crossings, railway stations, etc.

Due to the universal and stable connection of the tracks by pins and slots, many wooden tracks that are available on the market can be integrated into the HEROS track system. The extensive range of locomotives, waggons, buildings and other accessories guarantees a prolonged play fun for boys and girls.

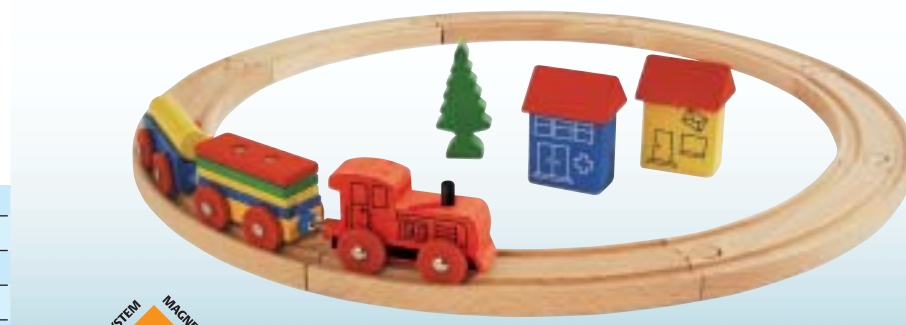

Of course, the processing and quality of these products comply with the requirements of the European standard EN 71.

Track Trains

Super Circle 3+

Circle-shaped railway line with goods train, buildings, and tree

Item no.:	46042
Pieces / Content:	21
Size without packing:	Ø 44 cm
Packing size:	30.5 x 5 x 25.5 cm
Weight in g:	725
Packing type:	cardboard box
Unit-pack:	EP 6

Figure-of-eight-shaped Railway Line 3+

with bridge, sidetrack, motorail train, buildings, trees, and level crossing with St. Andrew's cross

Item no.:	46102
Pieces / Content:	39
Size without packing:	104 x 45 cm
Packing size:	44 x 5 x 32 cm
Weight in g:	1900
Packing type:	cardboard box
Unit-pack:	EP 3

Super 8 3+

Figure-of-eight-shaped railway line with junction, goods train, buildings, and tree

Item no.:	46082	46081
Pieces / Content:	34	34
Size without packing:	104 x 45 cm	104 x 45 cm
Packing size:	36.5 x 4 x 29 cm	Ø 18 x 24 cm
Weight in g:	1200	1275

Unit-pack:	EP 4

Wooden Road System

Elegant and practical - with magnetic connection

For car fans, our magnetic road system is the perfect runway not only for HEROS cars. The individual road parts with straights and curves can easily be connected, modified, and cleared away.

This HEROS road system offers a high play value from the earliest childhood. In combination with the HEROS wooden track train system, a complete play world with motorway, railway, bridges, level crossings, buildings, etc. can be realized.

Of course, the processing and quality of this product complies with the requirements of the European standard EN 71.

NEW

Wooden Road System 3+

Road system with vehicles, trees, and traffic signs

Item no.:	42002
Pieces / Content:	24
Size without packing:	75 x 59 cm

Weight in g:	1525
Packing type:	drum
Unit-pack:	EP 4

Creativity and play fun on wheels

Build play worlds, drive, load and unload - according to the motto of "learning by playing", we offer a large number of wooden vehicles in different sizes and designs.

Every car, vehicle and construction machine has been manufactured in a child-appropriate way. The edges are neatly rounded, and all moving parts are firmly riveted or glued.

The colourful finishing with solvent-free water-soluble paints and varnishes that are non-hazardous to health complies with the requirements of the European standard EN 71.

Speedy Wheelers

Speedy Wheelers - speed is not a magic thing

Without expensive batteries and other unnecessary technical expenditure, these wooden models give a high sprint performance.

Just push them back and then let go – the robust clockwork motor with overwind protection guarantees a prolonged play fun.

Of course, we use for the wooden parts only solvent-free water-soluble paints and varnishes that are non-hazardous to health and comply with the requirements of the European standard EN 71.

NEW

Race Car 2+

Wooden race car in classic design with robust clockwork motor

Item no.:	27862
Pieces / Content:	1
Size without packing:	9.5 cm

Sound

Early practice makes the master

Workbenches

With the HEROS workbenches, the classics from our wooden toy range, generations of children have become acquainted with the use of tools. These functional and stable toys include everything that children need for working: hammer, wrench and screwdriver, all perfectly adapted to the assembly and disassembly of HEROS construction elements.

Hammer Benches

These stable and creative toys encourage children to actively occupy themselves - alone or with others.

The extra stable design, as well as the colourful, scratch-proof, and solvent-free water-soluble varnishing that is non-hazardous to health and complies with the requirements of the European standard EN 71, guarantee a long durability even in case of an intensive use.

NEW

Tradition

Efficiency and perfection in every respect

On a production surface of more than 8000 m², more than 200 qualified employees develop and manufacture our products - both on modern wood processing machines and in traditional handwork.

Due to our process-oriented production, our flexible working methods and a high quality consciousness, we have been for many years a reliable partner for our customers all over the world.

Our products

Besides our basic range, which has inspired children and parents for years, we regularly offer the traders relaunches and attractive new products which give new impulses to the market.

Our guarantee

Each of our products is subjected to a series of tests which guarantee safe products and satisfied customers.

- Visual and tactile test:** for an optimal surface finish
- Crash test:** for maximum stability
- Drop test:** for break resistance
- Swallow test:** to determine the minimum size of the parts
- Tensile test:** for a long durability
- Soak test:** to prevent the detachment of parts or the peeling off of paints

This is only an excerpt from the comprehensive European standard EN 71

HEROS – Safety from the beginning!
